## Remind for Verizon Customers

This information is for any student or parent with Verizon Wireless service who receives text message reminders from Remind.

Verizon recently announced that they may no longer support the text message service from *Remind*. If you or your student have Verizon Wireless and have not downloaded the *Remind* app, you may no longer receive the text messages when the directors and instructors send messages via *Remind*. The service will be supported through January 28. After that, Verizon customers must have the app downloaded to receive communications through it. If you or your student only receive *Remind* announcements via text message and you do not download the app, you may miss out on important information. It is possible that Remind and Verizon will find a mutually beneficial solution to continue text service.

 Saturday, Mar. 2: Atlee High School (Mechanicsville)
